Vision Expo is a TARGETED SHOW. Please go to Freeman Online to download the COLOR-CODED TARGET FLOOR PLAN which will give you your specific targeted date + time for move-in. Targeted move-in is for delivery of freight; you do not have to begin construction of your booth on your target date or time, but your freight shipment(s) should be at the convention center on that date and time. Obviously, your installation cannot begin until your freight is delivered and any utilities you need have been installed, so be certain to order these in advance of move-in. Keep in mind, your target date + time applies to when your shipment(s) must be received by – it does not mean you must begin to set up your booth at that time.

- Fuel tanks cannot be more than ¼ tank full or contain 5 gallons, whichever is less.
- Vehicles must be set back 10 inches from aisle.
- Vehicles may not be started, or battery cables connected during show hours.

BASIC SECURITY RECOMMENDATIONS

Exhibitors must arrange for insurance coverage to protect exhibits and product against damage or loss from the time it leaves your premises until it returns.

Show Management is extremely security conscious. We go to great lengths to provide a safe and secure environment, where exhibitors and attendees may conduct business without distraction.

BASIC SECURITY MEASURES:

Among the Show's basic security arrangements are the following:

- Uniformed guards will be stationed at entrances and exits 24 hours a day and will patrol the exhibit floor during non-show hours.
- Private guards may be hired from the official guard service, Allied Security.
- Security cages for rent. Large and small safety containers may be rented from the official contractor. Exhibitors may prefer to bring a secure container of their own, such as a lockable trunk, footlocker or strongbox that can be stored out of sight in the booth
- **Merchandise passes.** These are special forms issued by Show Management. When properly filled out and signed by the exhibitor, they tell security guards that removal of an item from the exhibit floor is authorized. (Subject to Change)

WHAT EXHIBITORS CAN DO TO ENHANCE SECURITY:

- Exhibitor personnel must always wear official Show Exhibitor badges during move-in, show days and move-out.
- Please do not give Exhibitor Badges to anyone other than your full-time employees.
- Remove all badges from the building when you leave on your last day there. Badges left behind are often abused by unauthorized personnel so do not leave them in your booth or discard on the floor.
- At the close of business each day, cover all display tables. This establishes a barrier to curiosity seekers and other would-be thieves from selecting such items to steal at a later time.
- Place your wastebasket along the aisle at the end of each day to facilitate trash removal
Immediately report to security or Show Management, the presence of any unauthorized visitors, or suspicious activity on the show floor.
- Unpack product as close to the Show opening as possible. At the close of the Show, we suggest that you stay at your booth until these valuables are repacked.
- Treat especially valuable goods such as prototypes as irreplaceable. If they truly are one-of-a-kind, hire your own security guard. **Under no circumstances** should such goods ever be left unattended. Plasma Screens & Flat Screens, DVD's, televisions, laptops, and other electronic devices are particularly vulnerable to theft. Remove tapes or discs at night and store them in a safe place. Keep close tabs on personal items (cell phones, purses, laptops, briefcases, etc.)
- Do not put articles of any value in a container marked "EMPTY STORAGE".
- Shipping cartons should not identify contents. Use coded labels.
- Give special considerations to prototypes, irreplaceable and highly valuable articles, or other sensitive items.
- Be sure to send copies of Shipping Information, including all tracking numbers with your set-up people so that they know how many pieces should arrive.

- Booth staffing plans should take the following into consideration:
 - o Who will be at the booth during set-up and dismantling?
 - o Will an inventory list be available to check complete delivery during set-up and complete shipment after dismantling?
 - o Will you need a security cage?
 - o Will you need a private guard?
 - o Should you safeguard material in the free storage room during non-show hours?
 - o Does everyone concerned know that nothing of value should be left in containers labeled "EMPTY"?
 - o Things to consider in preparing your booth duty roster:
 - Will someone be on duty at least a half-hour before the show opens? And until show is closed for the day? Will you schedule rotation to cover lunch breaks, etc?
- All of your booth personnel should be advised to wear official show badges at all times as a security measure, and to use the official Merchandise Passes when removing items from the exhibit floor.
- DO NOT leave laptops, purses, cell phones, cameras, iPads, electronics, etc. unattended.

ONE FINAL WORD ABOUT SECURITY:

The best security available may still be inadequate and losses may occur if exhibitors leave merchandise and equipment unsecured in their booth overnight. Please always secure your merchandise and equipment during non-show hours.

Items particularly vulnerable to pilferage include DVD Players, monitors, personal computers, and all small items of personal value.

Show Management does not assume responsibility or liability for loss, damage, or theft of exhibitor property. That responsibility is the exhibitor's, and therefore it is required that you provide your own insurance coverage against all contingencies.

Vision Expo closes at 3:00 PM on Saturday, September 21, 2024. **Secure all valuables immediately!**

- Pack and label product and remove them or hire Security until you can secure them properly. It is essential that exhibitor personnel remain in their exhibit areas until their display materials are secured. All small articles which can be easily picked up should be securely packed before you leave your booth after the Show closes at **3:00 PM**.
- Remember, during teardown, stay with your exhibit until your empty cartons are delivered and your goods are packed, sealed, and properly labeled.
- Do not leave material in your booth unlabeled at any time during move-out because many things could happen: it may be presumed abandoned; mistaken for trash; or one of your neighboring booths might label it in error!

- At the close of the show please be sure to secure all electronic equipment especially plasma screens, flat screens, laptops, and any electronic equipment
