Presented by co-owners

West 2025

From the OptiCon Advisory Board

Dear Colleagues,

It's SHOW TIME!

We are thrilled to announce that, as the Chairs of the OptiCon Advisory Board, OptiCon at Vision Expo West 2025, which will be held in the vibrant city of Las Vegas, Nevada.

OptiCon at Vision Expo West 2025 is better than ever! Attendees can look forward to more than 100 hours of engaging lectures, hands-on workshops, and valuable discussions with colleagues and industry leaders from across eye care.

We are excited to feature an esteemed lineup of speakers who will share their knowledge and experiences, inspiring us all to think creatively and critically about the challenges and opportunities that lie ahead in opticianry. Moreover, there will be numerous chances for networking and collaboration, allowing you to reconnect with old friends and establish new connections.

We invite you to stop by our OptiCon Hub, where we would be delighted to meet you and answer any questions you may have in person.

See you in Vegas, the Sparkling City of Lights!

Quick Guide to Registering for CE

The Vision Team has created this guide to help make sure you can easily register for the appropriate courses to earn credits that you need for your license renewal.

The Conference Brochure includes the course schedule for each day of the CE program, the course schedule begins on page 9.

Each course includes a listing of the pending accreditations being offered for the course. For example, 10L1 Keynote - CLs Beyond Vision Correction has been submitted to COPE, Florida Optometry, NCLE, Florida Opticianry, and the New York State Opticians for CE Credit.

		COPE, FL-OPTOMETRY, NCLE, FL-OPTICIANRY, NY STATE OPTICIAN-CONTACT LENS-INTERMEDIATE
	10L1 - FREE	
8:00AM -9:00AM	Keynote - CLs Beyond Vision Correction Barnett	COPE, FL-OPTOMETRY, NCLE, FL-OPTICIANRY, NY STATE OPTICIAN-CONTACT LENS-INTERMEDIATE

There is also an Accreditation Legend at the bottom of the schedule on Day 1. The Accreditation Legend can help you verify that you have selected the courses that are appropriate for your license renewal.

Accreditation Legend:

ABO – General Knowledge/Ophthalmic Level 1/Ophthalmic Level 2/Ophthalmic Level 3; AOA – AOA Paraoptometric Commission; COPE – COPE/COPE – TQ; Florida State Board of Opticianry – FL Opticianry/FL Opticianry – Technical/FL Opticianry – Contact Lens; Florida State Board of Optometry – FL Optometry/FL Optometry – TQ; NCLE – General Knowledge/Ophthalmic Level 1/Ophthalmic Level 2/Ophthalmic Level 3; New York State Optician – Dispensing/Contact Lens – Basic/Intermediate/Advanced; Orals, TPA (Therapeutic)

We are continuously submitting all of our courses to the various National Accreditation Agencies and State Boards. The list of Approved and Pending courses for each accreditation agency and state board are listed on the Vision West website – Education – Policies page (VEW25.COM/POLICIES). We update the lists on a weekly basis, up until the show begins.

We hope that this quick guide will help you with the selection of the courses that you need to attend for your license renewal. Please remember to also check with your State Board to make sure you have registered for the appropriate courses that you need to satisfy your State's license requirements.

If you need to make changes to your course registration or have any questions, our Client Services team can be reached via phone at (800) 811-7151 | (203) 840-5610 or via email at inquiry@visionexpo.com

We look forward to seeing you at the show!

Education Highlights

Contact Lens

Innovation in eyecare is moving fast—are you keeping up? With breakthroughs in contact lens technology and advanced fitting techniques, there's never been a better time to sharpen your edge. Whether you're an Optician, Contact Lens Practitioner, or Ophthalmic Allied Professional, this high-impact series of classes is your launchpad to the next level. Boost your confidence, elevate your patient care, and lead with expertise in a rapidly evolving industry!

- 3306 So You Think You Can Contact?
- 4202 What Your Contact Lens Lab Wish You Knew
- 4502 Myopia Management: Safety and Efficacy of Ortho-K

Business and Practice Expertise

What's keeping you up at night—staffing struggles, customer retention, profitability? The Business and Practice Expertise track is here to help you take control. Dive into practical, results-driven sessions across five critical areas: Leadership, Customer Experience, Human Resources, Data, and Profitability & Growth. You'll walk away energized and equipped with real-world strategies you can put to work right away—so you can sleep a little easier and lead a lot smarter.

- 24B1 On the Road Again: The Optician's Role in Remote Eyecare
- 25B2 How To Navigate the New Digital Landscape
- 3304 Optimizing Your Practice Through Managed Vision Care
- 36O4 Psychological Safety in the Workplace
- 42B1 Financial Management for the Eyecare Team

Clinical Concepts for Opticians, Contact Lens Practitioners and Allied Health Professionals

Ready to deepen your clinical know-how and stand out in your role? This education series is built for Opticians, Ophthalmic Assistants, Contact Lens Practitioners, and Allied Ophthalmic Health Professionals who want to level up. Explore essential topics like eye strain, pharmacology, history taking, and refraction—designed to boost your confidence and your impact. Walk away with skills you can use immediately to elevate both patient care and your professional value.

- 3201 Improving Quality of Life with Contact Lenses
- 3501 Lifestyles of the Dry and Irritated- How Lifestyle Affects OSD Patients

Hands-On Workshops

These workshops provide an opportunity to enhance and reinforce your ophthalmic knowledge and skills. Participants will engage in instructor-led sessions that include hands-on components designed to practice and apply course content in real time. Whether you're reviewing foundational techniques or expanding your clinical expertise, these interactive classes are built to support professional growth in a practical, engaging environment.

- 23O4 Basic Lensometry Workshop
- 25O4 Advanced Lensometry
- 33O5 Compression Mounting Adjustments, Repairs, Assembly
- 35O5 Ocular Dissection
- 42O4 Basic Frame Repair Workshop
- 45O4 What are All These Adjustment Tools?

Low Vision

Over 246 million people worldwide are living with low vision, and the need for informed, compassionate care has never been greater. This powerful series dives into the latest breakthroughs in diagnosis, treatment, and patient education. Learn from leading experts how emerging technologies, cutting-edge devices, advanced lens solutions, and even AI are transforming low vision care. Not only can you change lives, you can set your practice apart, build stronger patient relationships, and drive lasting referrals.

- 12O2 The Main Tools of Low Vision - How and When to Use Them
- 45O3 Solutions to Low Vision Beyond Magnifiers

Optical Technology

Did you know that prescription eyeglasses are the most commonly used—and most impactful—assistive device in the world? The Optical Technology track is your gateway to mastering the tools and techniques behind that impact. Dive into the latest in frame materials, advanced lens designs, and cutting-edge ophthalmic instrumentation. Whether you're fitting, fabricating, or designing, these courses will sharpen your technical skills and elevate the precision and quality of your work.

- 23O1 Understanding Diabetic Retinopathy for Opticians
- 23O3 Tackling the Safety and Eye Care Needs of Athletes: An Introduction To Sports Vision Opticianry
- 24O4 ANSI Z80.1 Standard Update
- 32O2 Prism Is Not a Four-Letter Word
- 32O5 Singing the Sharpie Blues - Beyond the Blue Dot and Ruler
- 33O2 Dealing with Difficult Patients and Troubleshooting
- 44O1 The ABC's on Pediatric Vision

ABO Practical exam review and NCLE Practical exam review courses

Each course will offer a comprehensive review of the Practical exam content and delivery methods, which include multiple choice, hotspot, video and simulation. Attendees will also be presented with resources available to prepare for the exam.

OptiCon General Session: Presented by United Opticians Associations (UOA) - Dream Big: The Future of Opticianry in the 21st Century

This one-hour course, led by David Friedfeld, president and co-owner of ClearVision Optical, explores the trends shaping the future of opticianry. With the profession evolving faster than ever, you'll learn how to understand where the industry is headed next, so you can stay ahead and turn market shifts into opportunities! You'll get actionable insights to grow your career, expand your role, and build a business that thrives in a changing landscape.

About Accreditation

The accreditation designations serve as a guide to assist you with course selections. Please refer to VEW25.COM/POLICIES for current CE approvals. You can change a course selection after you register by calling Client Services at 1.800.811.7151.

Vision Expo is not responsible for courses that do not receive accreditation. Do not assume that the courses you register for will be approved. You will not receive credit if you are late to a course. Course approval information will also be available onsite in the Education Office.

Education Registration

- Course handouts will be available online prior to the Education Program. They will not be available onsite. After you register for your courses, you will be able to print your own course handouts and bring them to the Education Program. Course handouts will also be available online for one month after the program and on the Vision Expo Mobile App.
- In an effort to improve the Education registration process, badges will not be mailed. Please bring your confirmation letter with barcode onsite to Registration to have your badge and course itinerary printed when you arrive at the conference. This will ensure that you have the most up-to-date course information on your badge barcode and course itinerary, including room numbers.
- Your badge barcode will have all of your registered courses embedded in it, which is required for course entry. If you make any course changes onsite after you have already printed your badge and course itinerary, you will need to get a new course itinerary printed so that your current courses are listed, including room numbers.
- After you attend your course(s), please complete the session evaluation for each course. The session evaluations are available on the Vision Expo website and mobile app. After completion, you will be able to send yourself the CE Letter via email verifying your course attendance.
- After the Education Program, you will receive a CE letter via e-mail verifying your course attendance. Please submit this CE letter to your state board/national accreditation agency for license renewal. If you did not supply an e-mail address when you registered, please update your registration record by calling Client Services at 1.800.811.7151.
